

**CPH STAGE – an annual event focusing on Danish and international contemporary theatre:  
where it's at and where it's heading**

CPH STAGE is an open festival where professional artists, theatres and producers present their pick of performances. The festival is not centrally curated, but it is a possibility for theatres and artists to present the season's best performances, as well as to invite guest performances from like-minded collaborators or others, to perform on their stages. In this way, CPH STAGE presents theatre in all its forms and varieties. The festival is a celebration of performing arts and an invitation to the public to come and see a great selection of theatre produced in Denmark and abroad. Apart from regular theatre performances, the festival also includes other theatre related events and initiatives such as readings, seminars, parties, debates, a flea market and much more.

The last edition of the festival hosted 110 performances, 8 of which were international productions. For the second time we had a festival center – a venue where everyone, both theatre professionals and theatregoers, could meet, have lunch or just hang out. At the festival center, participants could also receive a copy of a special theatre industry program.

The next edition of CPH STAGE will take place from 31<sup>th</sup> of May – 11<sup>th</sup> of June 2017 and will present Danish, Nordic and other international performances on theatre stages, at alternative venues, and in the public spaces of Copenhagen.

Ever since the beginning of the festival back in 2013 CPH STAGE have been working on developing subtitles in both Danish and English, that can be streamed live on your smartphone or tablet. In 2017, the festival will continue developing the closed caption initiative in an attempt to make theatre accessible to everyone.

If you are interested in participating in CPH STAGE, don't hesitate to send us an e-mail, so we can assist you in finding possible collaborators. Please include a short description of your performance and its technical requirements, stage size etc.

For more information about the festival, please visit our homepage at [www.cphstage.dk](http://www.cphstage.dk).  
Please contact us with any further questions.

Best regards,

Morten Krogh
